

JOB DESCRIPTION

Chief Manufacturing Officer

Ref. J063/WW/C0102/2019

- A change agent
- New products for new market demand
- Company in transformation, and enable our plants in this rejuvenation

The company is on a transformation journey with a fresh management team. This well-established health food brand with global presence, is looking for an individual who can enable their Asian manufacturing operation and take to the next level.

You will work to upgrade the Asian production facilities and modernise the production processes. You and your team will evaluate, select and be accountable for supplier performance and your own P/L. In addition to the operational role, you will also lead the Compliance and R&D department.

The Group, working with their key shareholders are fiercely proud of the brand and the change is about transforming and rejuvenating. Reporting to the Group CEO, you will have over 15 years in manufacturing experience in food manufacturing, working across multi products and countries, including at least 5 years in a leadership role.

You should hold a degree in Food Science, Food Manufacturing or related field. Graduate degree highly preferred. Be well versed in food safety standard and associated regulations. You will be a swift decision maker, leader and have excellent management acumen to lead the regional teams.

Step Up to this new challenge and contact us now.

Interested candidates please send your CV to stepup@stepup.com.hk or visit the website <http://www.stepup.com.hk/opportunities.html> to submit your application. Candidates should submit their CVs with true, compete and accurate information.
